How to Navigate Land Bank Properties for Sale
https://landbank.shelbycountytn.gov/

The first page you will see when you open Land Bank's website will be a page with a yellow background. Scroll to
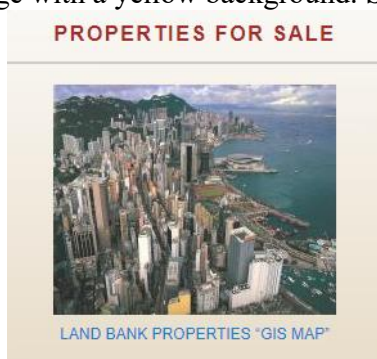

the bottom of the page and locate Land Bank Properties "GIS Map", Click on it.
A Disclaimer screen will appear, Check the Agree box and Click **OK**.

Now you are ready to follow the directions below.

1. On the left side of page look for the **Home Icon.** You can also click on the **Home Icon** to **RESET** at any time.

2. Move to the bottom of the page to find a number of icons. Click on the **fourth** icon from the left. It will say "**Attribute Table**"

3. When the page divides at the bottom. Move your cursor left to **Options** . There will be a drop down box entitled **Filter** click on it.

4. Click on the **+ Add a filter expression** box.

5. 3 smaller boxes will appear and follow instructions below:
   a. Box #1 has a drop down, look for **"IMPROVEMENT"**
   b. Box #2 has a drop down, look for "**starts with**"
   c. Box #3 you will type in type of improvement. Example: **HOUSE**. Click **OK**

6. The bottom will have only the display the improvements you are requesting.

7. See the **+ (Plus)** sign to top far right corner. Click and uncheck what you do not need in order to see an entire row of information on a particular parcel of property.

 Newly Added   **For Sale**   **Contract Pending**   **In Redemption**
